PROJECTS

Meta Ads Campaign — Urban Style Fashion (Demo E-commerce Brand)

- Planned a full-funnel Meta Ads Traffic campaign covering objective, audience targeting, budget/bid strategy, placements, creative, and conversion tracking.
- A/B tested 3 audience segments and 4 ad creatives; best-performing combination achieved 3.8% CTR vs. a 1.5% category benchmark, reduced CPC by 22%, and grew reach to 45,000+ users.

Google Ads Search Campaign — Urban Fashion Website Traffic

- Built a Search campaign end-to-end: objective and campaign type selection, bidding strategy, location/language targeting, AI Max optimization, and 36 target keywords.
- Wrote keyword-optimized ad headlines and descriptions, added sitelink extensions, and set a data-informed custom daily budget.

GA4 & Google Tag Manager Implementation — UrbanCart

- Configured GA4 account, property, data stream, and Google tag; implemented event tracking via GTM and validated firing through Real-Time reports.
- Analyzed Traffic Acquisition, Engagement, Retention, Lifetime Value, Geography, and Technology reports to produce a full implementation & insights report.

GA4 Reporting Dashboard — Google Looker Studio

- Built a Looker Studio dashboard visualizing new/total users, bounce rate, purchasers, and breakdowns by geography, device, gender, age, and event name for stakeholder reporting.
